WHY TAHCHE?

Searching for **offshore employees** should be a lot easier than finding a needle in a haystack.

Tahche provides easy and curated access to offshore employees in the Philippines with vetted expertise in various specializations such as Accounting, Marketing, Technology, and Engineering.

- Get top-quality employees each and every time.
- Expedited team ramp up with a dedicated talent acquisition team.
- Effectively oversee offshore operations with dedicated full-time staff, trained for complete operational transparency, minus the complications of regional bureaucracy and excessive procedures.
- Enjoy cost effective and ESG compliant solutions to maximize operations.

Great companies build, and scale their teams in less time without compromising on quality.

We focus on connecting businesses in the US and other countries with qualified and skilled professionals in the Philippines, enabling them to build and scale high-quality teams in a shorter time frame.

GET THE BEST OF BOTH WORLDS WITH *TAHCHE*

Tahche provides companies the combined benefits of captive and traditional offshoring, empowering them to perform better than competitors and create impact beyond what captive and traditional outsourcing can produce individually.

CAPTIVE

TRADITIONAL

OFFSHORING

- Maintain full control of your offshore team, including their compensation, work hours, work setup, equipment, and engagement activities.
- Have offshore employees working solely for your company, with our support, to develop great employee-business relationships that improve retention rates.

This means less time and cost spent on repeatedly training new hires!

- Retain complete ownership of your digital and physical assets at all times.
- Stay flexible and scale fast without hiring and recruitment limitations.

- Build your offshore team of experts and professionals F.A.S.T.

We are able to quickly source qualified employees through our extensive database and hire efficiently with our team of highly skilled HR and recruitment personnel.

- Enjoy a cost-effective solution to hiring in the Philippines with Tahche as the employer on record.

No need to open a company in the Philippines from scratch!

- Maximize your budget and have the benefit of a low initial investment so you can grow your business and your team at your own pace.
- Avail the services of our dedicated management team who is ready to take care of employee recruitment, requirements, conflict resolution, and engagement.

Who says you need to choose when you can have the best of both worlds with Tahche!

Our clients are already enjoying these combined benefits, leaving us with an above average Net Promoter Score in the consulting, technology, and services industries.

OUR HISTORY

Tahche's operations in the Philippines has more than a decade of experience building exceptional dedicated teams for companies in North America (US and Canada), Australia, New Zealand, and other global firms.

Tahche was founded on the dream of scouting and matching exceptionally capable Filipino employees with global companies in need of a reliable offshore workforce, and provide all of the benefits of all social safety the Filipino government mandates for its citizens.

Tahche was founded on the dream of scouting and matching exceptionally capable Filipino employees with global companies in need of a reliable offshore workforce and providing all of the benefits of the social safety the Filipino government mandates for its citizens.

Tahche, a premier provider of top-notch Filipino employees, has come a long way since its inception in December 2012. From only having ten core members at its home office in Mindanao, servicing a single US drafting firm, the company quickly made its mark, surpassing expectations and experiencing consistent growth over the past decade.

In 2013, Tahche grew exponentially, starting the year with only one client and ending it with ten. To accommodate this growth, the company moved into a larger office in Talisay City, Cebu. In 2017, Tahche moved into the central business district of Cebu City, Philippines, a modern workplace that housed 100 full-time team members.

By 2018, Tahche had doubled in size again, a remarkable feat for any business. The company's success was due to its ability to expand, diversify, and offer specialized services to clients across a wide range of industries.

In 2019, the COVID-19 pandemic disrupted the world and the way we work. Yet despite the setback, Tahche remained committed to its clients and helped them thrive amid the global health crisis. Tahche developed a unique productivity strategy, following all the safety mandates of the Philippine government, providing both work from home and safe work in office environments, supplemented by private busing, supplied meals, and additional hazard pay.

This maintained productivity and employee safety and achieved client and company goals. By 2022, Tahche was in growth mode, with an even bigger and brighter office in the 1 Nito Tower in Cebu City's Business District and a satellite office in Metro Manila housed within the Ortigas Business District.

With an ever-increasing number of goal-focused team members, Tahche seeks to break even more records, overcome more challenges with its innovative solutions, and heighten its focus on matching the best Filipino employees with global companies.

OUR VALUES & CULTURE

CORE VALUES

Honesty

100% transparency
No half-truths

Hassle-Free Communication

Pure human talk

Die-Hard Service

Get things done
above & beyond
expectations

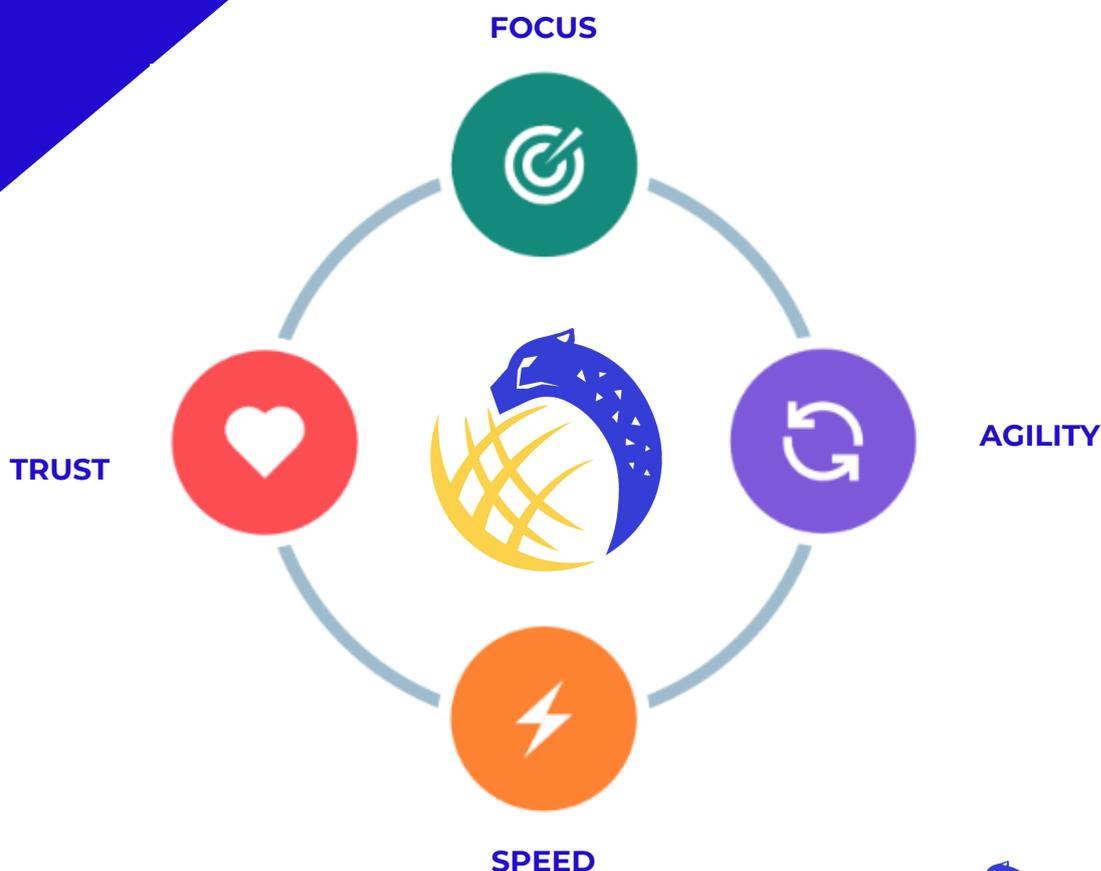

F.A.S.T. CULTURE

Tahche is committed to helping you scale your business faster and focus on what matters most.

We observe a **F.A.S.T.** culture inspired by the traits of our namesake—the cheetah, which emphasizes

Focus, Agility, Speed, and Trust.

Let Tahche assist you in achieving your goals and getting more things done.

ENVIRONMENTAL, SOCIAL, & CORPORATE GOVERNANCE RESPONSIBILITIES

Tahche was founded by Bryan Luoma, a US born businessman with a loving Filipina mother who inspired him to positively impact the world, especially the Filipino community, through his business endeavors.

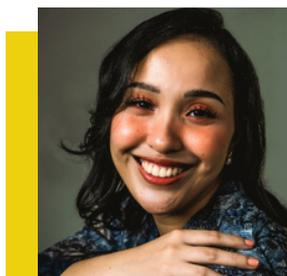

Classified as a minority owned company, Tahche is committed to not only empower US companies through cost-effective and sustainable offshoring solutions, but also to uplift Filipinos by giving them the opportunity to shine on the global stage, the chance to further their careers internationally, and the ability to improve their community's quality of life through our company services, policies, and initiatives.

We empower communities in the Philippines and the world

Tahche helps small and medium sized businesses thrive in an increasingly competitive market through our cost-efficient recruitment solutions.

And as we do so, we empower Filipino employees by connecting them with international companies that are able to give competitive salaries, enabling them to better provide for their families. We also prioritize their future security by ensuring they receive government mandated benefits like maternity leave, bereavement leave, supplementary insurance, and retirement plans.

Tahche takes pride in introducing Filipinos into the global stage through international employment opportunities, helping them grow their careers beyond borders and letting the world know of what Filipinos have to offer.

Carina is just one such employee who has built her career through Tahche. Since connecting her with Los Niños Services, a nonprofit organization based in New York, in June 2021, she has already built a name for herself. Now, she has been recognized by the CEO as one of the top contributors to the launching of the Young Child Learning website, a company initiative that brings Los Niños Services' assets online.

We provide equal opportunity

Tahche's recruitment practices are inclusive of all ages, genders, abilities, and ethnicities. We give employees the freedom to express and present themselves in the way that is comfortable and right for them.

We also provide equal opportunity to employees who reside in the capital and the provinces to encourage social and industry development in different areas in the Philippines. Not only that but we give all employees equipment that will give them the same competitive base point for optimum work performance.

ENVIRONMENTAL, SOCIAL, & CORPORATE GOVERNANCE RESPONSIBILITIES

We take action towards a sustainable future

Tahche raises environmental and social awareness through company activities and initiatives. Among them are regular feeding programs for the less fortunate communities in Cebu and Metro Manila, an enrollment to employment program to support struggling Filipino dreamers in achieving a brighter future, emergency response support especially during the pandemic and other disasters including typhoons and earthquakes, employee engagement activities such as fashion shows that raise awareness on environmental sustainability, and social awareness corporate posts in order to expand the reach of our advocacies.

As part of our CSR programs, we have also worked to provide better living conditions to the children cancer patients in Cebu. We repainted their walls, donated mattresses and pillows, conducted a feeding program, provided entertainment, and more.

The future is indeed looking brighter as Tahche reaffirms its commitment to assisting more Filipinos. We are determined to expand our sustainable efforts by actively involving more individuals, initiating donation drives, and scaling up our programs. Through these endeavors, we aim to create a greater and enduring positive impact within the Filipino community, fostering a future filled with opportunity and prosperity for all.
